BELIEVE ACHIEVE INSPIRE

ICELANDIC LAVA TREK
ICELAND

Wed 07 Jul - Sun 11 Jul 2027

In aid of St Michael's Hospice, Hastings

07 Jul - 11 Jul 2027

5 DAYS | ICELAND | TOUGH

Home to some of Europe's most incredible landscapes, the Iceland Lava Trek takes in thundering waterfalls, steaming lava fields, plunging fjords and spouting geysers. Crossing the phenomenal Landmannalaugar, the route is through one of the most actively volcanic and alien landscapes in Iceland, providing awe-inspiring views at every step.

The duration may be short, but the days are long and the terrain is very challenging, with steep climbs and rough descents. In addition, you'll also be in charge of setting up and breaking down camp, making this a truly tough challenge. But don't fear - on completing your challenge you have the chance rest aching limbs in the Sky Lagoon.

- Trek 58kms through one of the planet's most volcanic regions
- Weave through vast steaming lava fields
- Walk against a background of multi-coloured rocks
- Camp in some of Europe's most spectacular and unusual terrain
- Bathe aching limbs in the Sky Lagoon

YOUR CHALLENGE DAY BY DAY

DAY 1 Wed 07 Jul

-

International departure from London

It's a short flight to Keflavik and then a four-hour transfer to your starting point. Drive through lunar-style landscapes, passing by Hekla – Iceland's most famous active volcano. Your campsite is at Landmannalaugar, in the heart of southern Iceland's thermal area. After dinner is the opportunity to bathe in the hot springs, perfect for a good nights' sleep. (D)

Accommodation: Camping

DAY 2 Thu 08 Jul

-

Landmannalaugar to Álfavötn (approx. 10–11hrs)

It's a tough day, navigating through snow and mud which moves and slips underneath your feet. Near your highest point of 3,600ft you'll pass Stórihver, a large hot spring. After a deserved lunch, walk through glistening black opsidium rock fields with views over valleys, glaciers and snowfields.

Follow the Jokultungur Ridge, descend over the scree and cross one final river before reaching the Álfavötn Valley and setting up camp. (B,L,D)

Accommodation: Camping

DAY 3 Fri 09 Jul

-

Álfavötn to Emstrur (approx. 7-8hrs)

Leave the incredible rhyolite landscape and head into the glacial areas and fast running streams of the Myradalsjokull Icecap. Here is probably the most intrepid part of the trip, wading through ice-cold streams in Bláfjallakvisi.

Heading down to the oasis at Hvangngil, the trek then follows through desert-like passes to your home for the night, the Emstrur Hut. You will be camping next to a stream here. (B,L,D)

Accommodation: Camping

DAY 4 Sat 10 Jul

-

Emstrur and Thorsmörk, then transport to Reykjavik (approx. 6-7hrs)

Your final days trekking offers amazing views of the Markarfljót gorge and the bridged Ljorsa fissure, as well as river crossings.

Your awe-inspiring 58km trek climaxes with a steep drop into Thorsmörk, surrounded by giant glaciers and raging rivers. After some time to reflect on your achievement and take the obligatory photos, head back to Iceland's capital Reykjavik where the celebrations can begin in style. (B,L,D)

Accommodation: Hotel

DAY 5 Sun 11 Jul

-

Reykjavik, the Sky Lagoon and return to UK

Enjoy exploring Iceland's capital Reykjavik, the world's most northerly capital, with a visit to the mineral rich, geothermal pool at the Sky Lagoon before departing back to London. (B)

NB

B = Breakfast; L = Lunch; D = Dinner

The itinerary is there as a guide and may change due to unusual weather patterns, wildlife movements, the strength of the group and so on. We will do our very best to keep to the set itinerary; however we cannot be held responsible for any last minute changes that may occur. In all such circumstances, your expedition leader will have the final say.

Should you suffer from vertigo, it is worth considering that on most mountain treks there will be occasional exposure to sheer drops. Therefore you should discuss the particular itinerary of your choice with a member of our team.

HOW TO FUND YOUR CHALLENGE

This page provides you details of the costs of your challenge.
The costs below are per person.

SELF FUNDER

-

*Pay a registration fee of £395.00 when you book
Then a balance of £1813.00
(10 weeks before your challenge)
Raise as much as you can for your charity.*

MINIMUM SPONSORSHIP

-

*Registration fee of £395.00 when you book
Raise a minimum of £3700.00 for your charity.*

You will be invoiced for the air tax and fuel element contribution for your international flights, capped at £100.00, which is due 10 weeks before departure.

WHAT'S INCLUDED

Before you go

-

- Support materials (itinerary, kit list, visa information, travel tips, responsible travel policy and guidance)
- Sponsorship forms
- Members only benefits and discounts at a wide range of clothing and equipment suppliers including Outdoorhire, Cotswold Outdoor, Runners Needs, Snow + Rock, Water to Go, The Altitude Centre, Sporttape and Nomad & MASTA.
- Access to your own password protected account including support materials and training schedules
- Risk assessment and emergency management planning
- Public liability insurance
- Fundraising advice
- Fitness training notes
- Access to training weekends (optional and at additional expense)
- 16 and 20 week trek/bike training schedule

On your challenge

-

- Accommodation during the challenge (usually in twin share)
- UK-based 24-hour emergency support line
- Equipment as per the challenge activity
- Internal transfers (unless otherwise stated in the itinerary)
- Drinking water on challenge days
- An English speaking first aid trained challenge leader and full local support team
- Three meals a day (unless otherwise stated in the itinerary)
- Entrance fees to national parks or other places of interest visited on the itinerary
- Full back-up support including first-aid qualified staff and first-aid supplies
- A Charity Challenge T-Shirt
- International flights to and from the UK, in economy class (see air tax exclusion below)

WHAT'S NOT INCLUDED

Before you go

-

- Visa (if required)
- Travel to and from the UK airport of departure

On your challenge

-

- Contribution towards air taxes and fuel element (please see the section below on "Air Tax and Fuel

- Vaccinations (please check Trip Notes for requirements)

Element Contribution")

- Tips

THE DETAILS

Registration fee in instalments

The first instalment of £200 is due at the time of booking. The second instalment of £195 will automatically be debited from your credit/debit card 31 days after you book. We can only accept payment for your registration fee by instalments if you book and pay online. Please note that when paying your registration fee in instalments, a £10 admin fee will be added to your first registration fee payment. Please note that your booking will not be processed (and we will not send an authorisation request to your charity) until we receive the payment for your second instalment. Your place on the challenge will only be held until 31 days from your initial booking. If we are unable to take your second instalment, your booking will be cancelled and normal cancellation terms will apply.

Fundraising deadlines

You will need to send your sponsorship money to the charity as you raise it. At least 80% of the minimum sponsorship required must be sent to the charity 12 weeks before departure (by 14/04/2027), and the remaining 20% within 4 weeks of completing the challenge (by 08/08/2027). If you have raised the necessary funds, the charity will then pay the balance of your challenge costs. The charity benefits by keeping the remaining sponsorship money and every pound over and above that you raise.

Air tax and fuel element contribution

The air taxes, and fuel element, that make up part of the flight costs can fluctuate significantly before a challenge takes place. As such, we exclude part of these taxes from the initial cost of the challenge and we will invoice you for it 10 weeks before departure. This applies to all participants on all payment options. For the challenge you are booked on this payment will be capped at £100 and we will absorb any amount above that. Please be sure to factor this cost into your budgeting for the challenge.

Typical group size

The typical group size is 15 - 30 participants

Small group supplement

The costs and sponsorship levels on our website are based on a minimum of 15 participants. We can run this trip with 20-24 people, but there will be a small group supplement of £95. This is payable by you if you book as a Self Funder or your charity under the Minimum Sponsorship payment option if you have raised the necessary minimum fundraising target. For Self Funders, we will notify you 12 weeks before departure if this is necessary, and it will be added to your final balance of challenge costs invoice.

Optional extras

Business class upgrades*
Single room supplements*
Extensions at end of trip*
Travel insurance
(*subject to availability)

Travel insurance

Your safety when travelling with Charity Challenge is our main concern, which is why it is a booking condition that you have a suitable travel insurance policy, which covers you for the adventurous nature of your challenge, the activities you are undertaking, and the altitudes. Charity Challenge has chosen to partner with specialist travel insurance providers Campbell Irvine (for UK residents) and Rise & Shield* (for non-UK residents). Both companies can arrange cover for an extensive number of activities, such as high-altitude trekking and cycling events, which include emergency medical treatment and repatriation expenses. Please note that Charity Challenge is not able to advise on matters relating to individual travel insurance policies and does not accept any liability for policy matters or claims. Full details including costs may be found at <https://www.campbellirvine.com/charitychallenge> and <https://riseandshield.com/partners/charity-challenge/>
* Rise and Shield do not provide cover to Cuba.

Level of Difficulty

The Icelandic Lava Trek is graded as “tough”. This is a challenge that will test you both physically and mentally. It is for participants who are of an adventurous spirit and an open mind, but perhaps haven’t taken on a strenuous challenge event previously and are hoping to put themselves out of their comfort zone!

You can tell your supporters that on your Icelandic Lava Trek you will be:

- Trekking for around 7-10 hours per day.
- Covering approximately 60km across 3 days of hiking, with the longest day being 24 km.
- Battling the elements in the highlands of Iceland, as you may experience rain that lasts all day, blazing sunshine or snow and fog on top of the mountains
- Taking on lots of steep hill climbs, particularly on the first day.
- Putting up your own tent each night and dismantling it in the morning. You will also be helping to wash up after each meal, and making your sandwiches in the morning, in a more interactive camping experience!

Typical day

You will wake early in time to have breakfast and to make a packed lunch for the day ahead. Hiking will start around 8.30am. The number of hours spent hiking will depend on the weather conditions (which are extremely unpredictable) and the size and ability of the group. There will be plenty of refreshment stops, as well as visits to places of natural beauty and interest along the way. The first day is particularly tough, and most groups do not arrive in camp until late. In the evening you will arrive at camp and will be required to help set up your camp (erecting tents), before having dinner.

Safety

Charity Challenge considers the safety of all of our participants and staff to be a top priority, and as such we have set up Challenge Safe, one of the most advanced and thorough safety management systems in the industry. Challenge Safe formalises our ethos when it comes to safety, and brings together the procedures and risk management strategies that we use to audit all aspects of our challenges, from vehicles to accommodation to the challenge activity itself. Your welfare is absolutely paramount.

In terms of your Icelandic Lava Trek, there are a couple of important points that you should be aware of:

- The trails that you are on are not all accessible by vehicle, and as such emergency evacuation to a hospital may take upwards of 8 hours, depending on the location
- The volcanoes in Iceland are volatile! Volcanic activity could be a possibility, which means that, in the worst case scenario, immediate evacuation may be necessary
- This trip involves river crossings, which in some cases could be up to (but not over) the knee. Although we don't plan on anyone going swimming (except in the Blue Lagoon!)
- You will pass small geothermal springs that are completely uncovered and part of the route. You should ensure that you don't go too close as the temperatures are over 100 degrees. The leader will brief you on this, but the bubbling water and steam should warn you!

Responsible Tourism

At Charity Challenge we are committed to sustainable and responsible tourism, and work closely with bodies such as

the International Porter Protection Group and Climate Care to ensure that our challenges benefit the local environments and communities in which they take place. We ensure that all rubbish is disposed of responsibly, and following local guidelines on cultural and environmental protection and respect, we aim to limit our impact on the natural environment. In addition to taking these practical steps to ensure that our challenges are sustainable, we also make a contribution each year to a number of local community projects, so as to give something back directly to the communities that we visit. Since 2000 we have donated almost £200,000 to such projects, supporting a range of initiatives, including schooling for children in Africa, shelter for street children in Brazil, and Orang-utan conservation in Indonesia. We recommend that any gifts brought over for children are given to the UK challenge leader and distributed where needed by them and our local Ground Agent. If you wish to do more, you should consider buying drinks, postcards and souvenirs from the local vendors. For many, it is their sole source of income. For more information, please visit our [Responsible Tourism](#) pages, where you will be able to view a list of the projects that we currently support.

Flights

You will be flying from London Heathrow Airport to Keflavik usually with Iceland Air. The flight will take approx 3 hours. Your flight tickets will be e-mailed to you before departure. If you choose to book your own flights you must confirm with the Charity Challenge office before paying otherwise you may be liable for your included group flights (please contact flights@charitychallenge.com for further assistance).

Please note: Timings of the group flights are subject to change so please take this into consideration when booking domestic travel arrangements to reach your departure airport i.e. book flexible tickets where possible. We are unable to take responsibility for the consequences of missed international flights due to delayed travel arrangements to the airport. We therefore advise you, when booking transport and making any arrangements, to plan to get to the airport in plenty of time allowing for any possible delays which may occur on the day (bad weather, break down, cancellations etc). If you book a domestic flight, in order to get to your international departure airport, please do consider that this flight ticket cannot be linked to the ticket we are organising for you; you will need to collect your luggage, possibly change terminal and check-in again as normal.

Visa

UK Citizens do not require a visa to visit Iceland. You will however need your passport and it must be valid for at least six months from the end of your challenge. You may also be asked for proof of return in the form of your flight ticket.

Insurance

Your safety when travelling with Charity Challenges is our main concern which is why it is a booking condition that you have a suitable travel insurance policy that will cover you for the adventurous nature of your challenge. We have chosen to partner with specialist travel insurance providers Campbell Irvine, who offer cover for an extensive number of adventurous activities. Cover is available directly from Campbell Irvine for most European residents and includes cover for emergency medical and repatriation and for your cancellation or curtailment of the challenge. Full details including costs may be found by clicking [here](#).

For more general travel insurance questions, please refer to our main [FAQs page](#).

Vaccinations & Medicines

For up to date vaccination information please check the Travel Health Pro page:

<https://travelhealthpro.org.uk/country/104/iceland>

Charity Challenge team are not medical experts and we would encourage you to visit your GP or travel nurse to discuss vaccination requirements. Your GP may ask questions about the specific locations that you are visiting, and as such it may be useful to take a copy of your itinerary with you.

Medication

- Carry medicines (including those bought over the counter) in their correctly labelled original packaging, as issued by the pharmacist. These should be carried in your hand luggage.
- Consider packing a spare supply of medication in the hold luggage in case of loss of hand luggage
- A letter from the prescriber detailing the medicines with the generic names for the medications can be helpful for border control checks, and in case medicines have to be replaced or medical help is required
- Carry a note from the prescribing physician on letterhead stationery for controlled substances and injection medications
- Take out an appropriate level of travel health insurance including repatriation and specific cover for any pre-existing illnesses

N.B. Some medications are banned abroad so please check. You can find further information at

<https://travelhealthpro.org.uk/factsheet/43/medicines-abroad>

Climate & Terrain

Climate

The climate in Iceland is very erratic. Winter ends in mid-June, and even up until mid-July there may still be some snow up on the mountains. It is not uncommon for one day of the trek to have glorious sunshine and highs of up to 15-17 degrees, and the next to be rainy and overcast. You should definitely come prepared for all weathers, and above all bring good quality raingear.

Terrain

This trek has a variety of challenging terrain for you to trek through from rough roads, dirt tracks, river crossings, steep hills and rugged lava fields.

Extension

[Golden Circle & Whale Watching](#)

If you can't bear to leave, book this extension tour to the Golden Circle – home to powerful Geysers, the beautiful waterfall of Gullfoss, and Þingvellir national park where Eurasian and North-American plates are slowly moving apart. Next day it's to the harbour from where you take a boat out to spot Iceland's many whales. Nights are spent in

Reykjavík, which blends traditional Icelandic charm with the attractions of a modern European city.

Day 1 - Overnight in Reykjavik

Having said goodbye to the rest of the group, you will have the rest of the day at leisure in Reykjavik. This evening you can have dinner in one of the many restaurants in town at your leisure. Overnight in hotel. (Lunch and dinner not included).

Day 2 - Golden Circle

Rise early for a spectacular excursion, taking in the Friðheimar cultivation centre and Þingvellir national park. Here the Mid-Atlantic Rift clearly shows the Eurasian and North-American tectonic plates that are slowly pulling the country apart. Other highlights include Gullfoss waterfall and the spouting hot springs of the Geysir Geothermal area where the active Strokkur erupts every 6–10 minutes. Overnight hotel in Reykjavik. (Lunch and dinner not included).

Day 3 - Whale Watching

After breakfast you will be transferred to the harbour, where a whale watching boat awaits you. Have your camera constantly at the ready on this inspiring three-hour cruise around Faxaflói Bay. At around midday, you will return to your accommodation to freshen up ahead of the flight back to London this afternoon.

Important information about the Golden Circle & Whale Watching extension

Included:

- 2 nights in twin room with shared facilities in a hotel, breakfast included
- 9 hr Golden Circle excursion
- 3 hr whale watching safari including pick up / drop off at accommodation
- Transfer to airport

Excluded:

- Dinner on extension day 1 & 2 (on average a good evening meal in a restaurant can cost you £50 excluding drinks, but can be found more cheaply from £28 - £35)
- Lunch days 5, 6, & 7 (it is easy to buy lunch items in a store and make your own picnic, this can cost around £15-£20)
- Personal expenses

Please note that this extension is subject to minimum numbers, flight and ground availability and **should be booked as soon as possible**. Occasionally, a surcharge may need to be applied in which case we will inform you prior to confirming your booking. Full payment must be received no later than 10 weeks prior to departure or your place on the extension may be cancelled. Extensions are not part of the main challenge. If we cannot offer an extension for any reason and you wish to cancel your challenge due to unavailability, Charity Challenge's full terms and conditions will still apply.

The advertised costs for this extension are per person on twin sharing basis. If you are a solo passenger we will accommodate you in a room with someone of the same sex. Single supplements are available.

The cost of the extension (registration fee and balance) are subject to Charity Challenge's standard terms and conditions.

Please note that our whale watching safari will take place weather permitting. In the case of adverse weather conditions a suitable alternative will be arranged.

Training

A good level of fitness is definitely required! Anyone who leads an active and healthy lifestyle should be able to complete the challenge, as long as they train regularly over a period of three months leading up to it. Although this is a short European trek, don't be mistaken into thinking it is not challenging! The days are long, the terrain difficult, and you will be expected to get involved in setting up camp in the evenings. You can also look to join one of our [training weekends](#).

Training tips for the Icelandic Lava Trek:

- Try to get out and do a practice walk in some of the mountains of the UK to familiarise yourself with walking on rugged terrain.
- Do at least one walk of approximately 24km.
- Carry a full daypack while training.

Challenge Training

If you would like to get a feel for our challenges ahead of your departure, why not consider booking on a 1 or 2 day UK Challenge?

We have a variety of challenges, covering all levels of difficulty, taking place in stunning National Parks across the UK that are led by highly qualified and experienced expedition and mountain leaders. These challenges will give you the perfect opportunity to monitor fitness levels, test out your kit, meet people in the great outdoors, share fundraising stories and gain valuable advice and support for the challenge ahead. We encourage participants to make use of our highly knowledgeable leaders and ask them any questions you may have about clothing and equipment, expedition health and wellbeing, trekking skills, walking techniques and teamwork!

We are offering all participants **50% off** the registration fee when you book on one of the UK challenges listed via the link below. Just use the code **TRAINING** when booking. T&C's – you must have an active booking on a challenge to avail of this offer. Discount cannot be used in conjunction with any other offer. Find out more [here](#)

Luggage allowance and valuables

As no formal clothes are needed, luggage should be kept to the absolute minimum – details on what to pack are provided in your Kit List. Your rucksack or holdall (suitcases are not appropriate) must not exceed 15kgs in weight. During the challenge, your bags will be transported by 4x4 vehicle. You will not have to carry your main bags.

Whilst we will do everything to provide adequate safety for the group and security for your possessions, the general rule is that if you don't need it, don't bring it. This includes jewellery, necklaces, rings and even watches. Your passport

and money should be kept on you at all times.

Leadership

There will be an English-speaking challenge leader who will be responsible for the logistics and co-ordination of your challenge. There will also be numerous local support guides and staff to assist them. The challenge leader will be ultimately responsible for the running of the itinerary and the safety of your group.

Group Size

Each group is intended to be a minimum of 15 people in order to run and a maximum of approximately 30 people due to the wilderness environment in which the challenge takes place. Due to ground costs, if the group size is 20-24 people, but there will be a group supplement of £95. This is payable by your charity if you book under the minimum sponsorship option, and by yourself if you are a self-funder. If a group supplement is necessary, we will notify you 12 weeks before departure.

Clothing and equipment

Good quality, durable kit could mean the difference between a fantastic challenge experience and an uncomfortable one. For your challenge, we recommend technical/wicking t-shirts rather than cotton shirts, as well as good quality waterproof jackets and trousers. We cannot stress enough how erratic the weather is in Iceland, and good waterproofs are essential. It's also a good idea to have a liner for your rucksack, or even a plastic bag to go around it while trekking. This will help to protect your belongings.

Please click [here](#) for a full kit list for this challenge. As a Charity Challenge participant, you will get members only benefits and/or discounts at a wide range of clothing and equipment suppliers including [Outdoorhire](#), [Cotswold Outdoor](#), [Snow + Rock](#), [Water to Go](#), [Sporttape](#) and [Nomad & MASTA](#).

Accommodation & Toilets

Accommodation

During the challenge, your accommodation will be in two-man tents and on the last night in hostel or guesthouse accommodation (twin rooms). At camp sites you will be expected to pitch in and set up your tents as part of your challenge. If you are travelling with a friend or partner who you wish to share with, please let Charity Challenge know in advance.

Toilets

You will have clean toilets and good washing facilities on all campsites. At Landmannalaugar, Álfavatr and Emstrur, there are toilets and token-operated showers (about ISK500 for 5 minutes). The campsites take card payments for the showers but always better to take some coins just incase that fails. Toilet paper is provided, but you may want to bring your own supply to use during the day.

Food & Drink

The food will be basic but very filling and nutritious. Breakfast will consist of porridge, cereal and tea/coffee. Lunch will be a 'make your own' packed lunch of sandwiches, fruit and cereal bars that you will carry with you. Dinner will be soup followed by meat/fish and pasta/rice, and a dessert. Coffee, tea and soup will be supplied throughout and plenty of drinking water will be available to keep you hydrated. You might want to bring some extra snacks, such as energy bars, nutrigains, dried fruits etc. There is nowhere to buy food or alcohol at any point during the trek, so please come prepared if you would like anything over and above the food provided! Please let Charity Challenge know prior to departure if you have any specific dietary requirements or allergies.

Money

Currency: Icelandic Krona. For up to date currency exchange, go to www.xe.com.

Credit cards: Most major Credit Cards are widely accepted in Iceland, although Mastercard and Visa are most common. American Express cards are not widely accepted. You will not be able to use your cards at all during the trek until you arrive at Reykjavik, so ensure that you have enough cash available.

Spending money: You will not need to carry a large amount of money during this trip. We recommend that you change your pounds into Krona in England before you go, and that you carry a sufficient amount of cash with you during the trek, as the banks/exchange offices may also be closed by the time you return to Reykjavik.

Tips: Tipping is personal and at your sole discretion. You should only tip if you feel that you have received good service. We recommend approx. GBP£22 / 4000 ISK per participant and this should be given to the challenge leader at the end of the challenge who will distribute it amongst the local support team.

Phone and WiFi

WiFi is prevalent in Reykjavik, and when you are in the hotel at the end of your challenge you will have access to this. However, during the trip you will be in remote campsites away from any internet. Phone signal is also sporadic, but you should be able to get some, although it will come in and out of range. There is no opportunity to recharge any electrical equipment during the trek, but if you want to bring a solar charger these work quite well to charge phones. There will be a refreshment stop on the way to Landmannalaugar where you can buy batteries/films etc but this will be the last chance before the trek begins. We recommend you stock up on anything you need before leaving England.

Emergencies

The event is not run as a race and there is always a large difference in people's walking ability. This is allowed for. There will be a staff member at the back of the group at all times to ensure that you are not left behind and can take things at your own pace. If we find somebody is unable to walk at all, then we can transport him or her from one location to the next with the help of our staff. Throughout the challenge back-up support will be close by. We will try to maintain radio contact with the main camp and may also carry a satellite telephone for emergencies.

Pre-Existing Medical Conditions

We do not professionally vet your medical details. Please assess for yourself whether you are fit and able to take on the challenge. Please review the detailed Trip Notes and itinerary to get a better idea of what is involved. Please speak to your doctor or specialist if you have any concerns about taking part. If you suffer from a severe allergy, you are required to contact us to discuss any requirements. If you think that there are things we can do to make the challenge more accessible/comfortable for you, it is your responsibility to let us know, and we will then let you know if we can accommodate your request. Whilst we will do our best to put in place appropriate measures we cannot guarantee that this will be possible.

Medical Support

First Aid qualified staff will be provided with the medical details that you give on your booking form but please note that they are on the challenge to support with medical matters related to the challenge environment and terrain itself, i.e. heat/cold, high altitude and so on. They will deal with any incidents and accidents (cuts, sprains, breaks and so on). They are not intended to continue any ongoing specialist medical care that you receive in the UK for pre-existing medical conditions, and should not be assumed to have any professional experience of your specific medical condition.

If you have any specific needs around pre-existing medical conditions, you should discuss with your family doctor or specialist in advance and can discuss any advice given by them with the challenge leader or doctor.
